Founded in 1989, Silipos has established itself as the global leader in gel technologies across a wide range of industries including healthcare, consumer goods, and health and beauty aids. Our products are manufactured in Niagara Falls, NY and sold to over 7,000 customers in 90 countries worldwide.

Silipos is committed to expanding and improving our range of products to provide our customers with new and innovative gel solutions. All gel development including the incorporation of actives/additives is conducted in-house, as well as the base gel manufacturing and conversion into finished products. As an ISO 9001:2008 and ISO 13485:2003 certified company, we pride ourselves on product excellence and quality. Additionally, many of our products are CE marked for distribution in worldwide markets. Within the healthcare industry, Silipos is the most trusted source for medical solutions among healthcare professionals. We have built our reputation on innovation, quality, and outstanding customer service.

Some of the Medical Specialties to Which We Provide Service Are:

- Podiatry/Footcare
- Orthopedics
- Prosthetics
- Physical Therapy
- Occupational Therapy
- Sports Medicine
- Scar Management
- Plastic Surgery
- Dermatology
- Health & Beauty/Skin Care
- Rheumatology
- Home Healthcare
Silipos is the leading, vertically integrated manufacturer of patented polymer gel technologies in the world. With patented technology and extensive expertise in the manufacturing, processing, and conversion of gels, many leading global corporations rely on Silipos for their product development needs.

The unique “visco-elastic” properties of Silipos’ medical grade mineral oil gels allow them to move synergistically with the skin helping to prevent abrasion and discomfort. Additionally, Silipos gels are non-toxic, latex free and hypoallergenic.

Silipos produces over 200 products for a variety of product applications and uses. Silipos gels cushion and protect against impact, pressure, friction, and shear forces while simultaneously releasing moisture-rich medical grade mineral oil that gently hydrates, softens, soothes, and conditions the skin. Silipos gels have the unique ability to be formulated with a wide range of additives such as moisturizers, fragrances, vitamins, and minerals for a number of proven indications such as anti-microbial/anti-bacterial, antioxidants, anti-aging, and scar reduction.

Silipos gels are washable and reusable, and with proper care will continue to release skin beneficial ingredients throughout the life of the product.
Orthopedics

Silipos’ orthopedic and foot care products are made with medical grade mineral oil gels that easily conform to the body ensuring a comfortable fit that cushions and protects. When applied directly to the skin, our gels have the added benefit of skin moisturizing and conditioning.

Our orthopedic and foot care products offer easy to use solutions for a variety of ailments ranging from common foot discomforts to post traumatic injuries. Whatever your needs, Silipos has a product that can help improve the quality of life for your patients.
Corn Pads

- Antibacterial formula
- Helps to relieve painful corns and calluses
- Medical grade mineral oil gel pad cushions, protects, and moisturizes
- Relieves pressure and friction
- Latex free and hypoallergenic

May be used:
- to reduce scar tissue
- for cold therapy
- to provide compression
- as a residual limb shrinker
- to aid in muscle strains or arthritic pain
- to moisturize areas of dry skin
- for burn care
- to help control edema
An assortment of our most popular medical grade mineral oil gel products in a portable kit

- Indications: Skin breakdown, ulcers, turf toe, blisters, and pressure sores
- At the first site of pressure sore, place gel over skin to prevent further breakdown
- Once wound is closed, place gels on skin to help prevent re-opening
- Gel products diffuse medical grade mineral oil that provides moisturization and elasticity to the skin to promote healing
- Gel moves independently so it will not cause friction like silicone

### Arthritic/Diabetic Gel Sock

Provides optimum protection for the neuropathic foot  
- Non-restrictive cuff  
- Can be used with or without diabetic shoes  
- Helps reduce friction, abrasion, and shear forces while preventing callus formation  
- Single layer sock with 1/16” (2mm) of gel throughout the sole  
- Helps prevent foot ulcerations  
- Serves as a soft tissue supplement for fat pad atrophy  
- Latex free and hypoallergenic

### SoftSock

Indicated for neuropathic and rheumatoid arthritis sufferers  
- Excellent for any condition that requires a soft, friction absorbing foot bed  
- Fluid like properties of the gel help massage and comfort the foot while walking  
- Effective in reducing shock and impact on the heel  
- Double layer sock with 1/4” (6mm) of gel throughout the sole  
- Serves as a soft tissue supplement for fat pad atrophy  
- Requires extra depth footwear  
- Latex free and hypoallergenic

Prosthetics

Designed with the patient in mind, Silipos’ prosthetic liners and suspension sleeves provide users with an unmatched level of comfort and confidence. Unlike silicone, our medical grade mineral oil gels move with the skin and will not pull or irritate the residual limb. Moisturizing medical grade mineral oils are released from our gels, aiding in the reduction of scar tissue and helping with overall skin conditioning. We offer a wide array of products that are sure to meet the needs of your patients.

Our prosthetic products are field tested with industry experts in order to assure patient comfort and satisfaction.
Sheaths

**Silosheath™**

Silosheath™ provides optimal range of motion and comfort, and can be used with other interfaces as necessary. Made with Silipos medical grade mineral oil gel and nylon outer material, Silosheath™ is available in 3 different styles:

CoolMax® is a registered trademark of Invista Corp.
SiloLiner™ is the most skin-friendly and easy to use solution for geriatric and post-op patients.

- Easy to Donn and Doff: Reinforced cuff prevents liner from rolling down and irritating the skin
- Medical grade mineral oil gel helps moisturize and condition skin grafts and scars
- Outer material provides wide range of motion
- 6mm gel thickness
- Latex free and hypoallergenic

Low Activity Liner

The Low Activity Liner provides superior skin conditioning and comfort for low to moderate activity level patients.

- Stabilizing Matrix reduces distal elongation and minimizes pistoning
- Liner easily conforms to limbs
- Retrofittable to Silipos Explorer™ sockets
- Available in 3mm, 6mm, and 9mm gel thickness
- Latex free and hypoallergenic

DuraGel™ offers an unparalleled combination of durability, comfort, and skin protection for moderate to above moderate activity level patients.

- Nylon composite fabric provides extreme abrasion resistance and superior gel bond
- Gel formulation will not tear, delaminate, or thin out with stress, maintaining skin care and overall patient comfort
- Retrofittable to Silipos Explorer™ sockets
- Available in 3mm, 6mm, and 9mm gel thickness
- Latex free and hypoallergenic

Skin Care

Silipos gels release moisture-rich medical grade mineral oil that gently hydrates, softens, and conditions the skin. Our gloves and socks are beneficial for treating skin conditions such as eczema, psoriasis, and dermatitis while giving the patient a pampered feeling. Our gel forms protect the post-surgical area while releasing medical grade mineral oils that help to reduce scarring while moisturizing the skin.

Our Gel-Care® Advanced product line offers a revolutionary new scar management system using the clinically proven SymRepair® Technology. The gel sheeting can be cut to desired size and the body wraps offer flexibility for hard to reach, bendable areas of the body. Gel-Care® Advanced is an excellent alternative to silicone for the prevention and reduction of scars.

Silipos gels are washable and reusable, and with proper care will continue to release skin-beneficial mineral oils throughout the life of the product.
Gel-Care® Advanced offers a revolutionary new scar management system that delivers advanced ingredients contained in an enriched sheet. The formula continues to treat the skin even after the sheet is removed.

- Prevents and diminishes the appearance of scars from injury, surgery, burns, acne, and stretch marks
- Excellent for use in the prevention and treatment of hypertrophic and keloid scars
- Can be trimmed to customized size
- Washable and reusable
- Silicone free, latex free, and hypoallergenic

**SymRepair®**
Synergistic blend of three key components of the barrier lipid combined with Bisabolol. SymRepair® quickly reconstitutes lamellar bilayers resembling those of the skin.

**The Gel-Care® Advanced Advantage**

- **SymRepair®**
- **Coolact 38 D (p-methane 3, 8-diol)** Patented Dermal Promotion Absorption Agent.
- **High Linoleic Acid (Safflower Oil)** Emollient lipid soothes the skin and helps restore the skin’s barrier function.
- **Retinyl Palmitate (Vitamin A)** Regulates epidermal development and modulates collagen synthesis.
- **Tocopherol (Vitamin E) Acetate** Antioxidant. Long established as beneficial to proper skin care.

GeLuscious® features a fun, funky, functional line of well-being and lifestyle products for busy everyday living. Indulge in a sumptuous range of patented products for a luxurious spa experience at home, in the office, or while traveling.

Infused with exclusive vitamin enriched antioxidants, nourishing vitamins, and moisture-rich oils, GeLuscious® polymer gels have been proven to completely transform the skin, making even the driest, most callused skin smooth, supple, and beautiful.

Our footcare gel cushions are a comfortable solution for fashionable but painful shoes.

GL for Men™ gel socks are designed with many pores in their structure to absorb odor and control temperature, while moisturizing gel gets rid of dry, callused skin.

GeLuscious® provides the ultimate experience in comfort, health, and well-being.
